

## **YOUR FINANCIAL PROCESSES NEED TO BE EFFICIENT.**

MANUALLY KEEPING TRACK OF FINANCIAL DATA IS BOUND TO CREATE ISSUES. THE ODYSSEY PLATFORM DEEPLY INTEGRATES ALL YOUR TOOLS, APPLICATIONS, AND DEVICES TO AUTOMATE PROCESSES, STREAMLINING WORK AND INCREASING YOUR FINANCIAL INFORMATION ACCURACY.

## CHALLENGES FINANCE TEAMS FACE

**Tedious Manual Reporting of Financial Data**

**Managing Budget Allocations Across Departments**

**Securely Storing and Transferring Sensitive Data**

## SIMPLIFY FINANCE WITH ODYSSEY

### **ELIMINATE MANUAL CHAOS**

Integrating your apps, systems, and devices with Odyssey enables your team to work more efficiently with less risk. Eliminating time-consuming tasks, speeds up budget and reimbursement approvals and increases information accuracy so your team can make smarter decisions.

### **CONSISTENT AUTOMATION**

Creating consistency across departments for both internal and external processes makes all the difference. Odyssey automates vendor invoice reconciliation for accurate expense management and creates an integrated time management system to keep track of employee hours.

### **SECURE DATA IN REAL-TIME**

Streamlining the connection between different platforms and accounts means financial data can quickly and securely be transferred, hence increasing compliance. This applies to revenue and expense analysis, giving your team access to real-time information when it's needed most.
